

# Storage Room

## Safe, Secure, Clean.

All product movements,  
temperature records  
and staff entries are  
recorded and logged.

Temperatures are  
kept below 30°C.

Limit access to  
the keyholder(s),  
and ensure the  
door is always  
locked.

Cold chain  
products are  
stored in the  
fridge.

All products stored off the floor, suitably spaced,  
with ventilation and no direct sunlight.  
Temperature-sensitive products  
stored lower down on the shelves.
