

Integrated Health Clinics

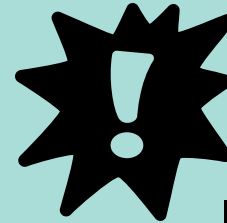

Get to know:

- Market opportunities and risks
- The feasibility of running a health clinic
- Objectives, informed financial model, implementation strategy and monitoring tools

Watch out for:

- Market niches
- Needs of the target market
- Proper organizational structure

Challenges:

- Volatile political situation in the country resulting in legal uncertainty
- Lack of liquidity in infrastructure due to economic conditions.

Good to have:

A reputed brand name, hired professionals and/or staff on a contract basis, strong orientation towards innovation and good quality standards.
